DETAILED ACTION

Claims 1 and 3-12 are currently pending in the application.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1 and 3-12 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission amounting to a gap between the steps. See MPEP § 2172.01. The omitted steps are: a step detailing the preparation of known standards and a comparison of the known standards and the membrane fluidity/ circular dichroism to formulate a graphical relationship. Suggested claim language to alleviate the problem is as follows:

A method (as currently written). . . ,

measuring (as currently written). . .

preparing a plurality of lots of solutions, each solution having a unique, known value of said pharmacokinetic parameter;

measuring the membrane fluidity or circular dichroism of said plurality of lots of solutions;

preparing a graphical correlation for said plurality of lots of solutions, said correlation being between the membrane fluidity or circular dichroism and said unique, known value of said pharmacokinetic parameter.

Response to Arguments

3. Applicant's arguments, see pages 31-32 of Paper No. 6, filed 8/8/2003, with respect to the rejection of claims 1-12 under 35 USC 112, 2nd paragraph have been fully considered and are persuasive. The rejection of the claims has been withdrawn.

Allowable Subject Matter

4. Claims 1 and 3-12 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
